Introduction	1
Compliance conditions and activities	2

## Introduction

The 2021 Annual Compliance Report, *Ecological Thinning Trial in New South Wales River Red Gum Forests (EPBC 2013/6713)*, shows how the Department of Planning, Industry and Environment has complied with the conditions of approval under the *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act) when conducting ecological thinning trials within River Red Gum parks in southern NSW.

This report has been prepared for the period 14 June 2020 to 13 June 2021.

Thinning operations were completed in August 2017 and the trial is now in the post-thinning monitoring phase.

## Compliance conditions and activities

No	Condition	Compliance	Evidence/comments
1	<p>Minimise the impacts to listed threatened species and communities and listed migratory species and wetlands of international importance.</p> <p>The approval holder must conduct the ecological thinning trial according to the Public Environment Report, particularly in accordance with the Environmental Management Plan (Chapter 6) and Experimental Design and Monitoring Plan (Appendix 1).</p> <p>These documents are available at <a href="#">Research in the river red gum forests</a></p>	Compliant	<p>Thinning operations were completed in August 2017.</p> <p>Post-thinning monitoring continued in accordance with the Experimental Design and Monitoring Plan.</p> <p>There have no impacts to listed threatened species and communities and listed migratory species and wetlands of international importance during this reporting period.</p>
2	<p>Minimise disruption of the superb parrot during the superb parrot breeding season.</p> <p>The approval holder must not conduct thinning operations within 100 metres of any superb parrot nest site or colony.</p>	Compliant	Thinning did not occur during this reporting period.
3	<p>Ensure unplanned impacts to listed threatened species and communities, listed migratory species and wetlands of international importance are documented and appropriate remedial action is taken.</p> <p>The approval holder must:</p> <ul style="list-style-type: none"> <li>report all spills or contamination of waterways as a result of the action to the Department on completion of thinning operations</li> <li>notify the Department on completion of thinning operations of any (real or suspected) adverse impacts on non-target species as a result of herbicide use during thinning operations</li> <li>notify the Department on completion of thinning operations of any breaches to the standards and procedures for storage and disposal of fuels, chemicals and waste products during the action</li> <li>undertake remedial action and report this to the Department on completion of thinning operations, if any unplanned impacts occur to listed threatened species and communities, listed migratory species and wetlands of</li> </ul>	Compliant	There have been no unplanned impacts to listed threatened species and communities, listed migratory species and wetlands of international importance.

	international importance as a result of the action.		
4	<p>The approval holder must provide the Department with annual monitoring reports for the first five years from the commencement of the action.</p> <p>The approval holder must ensure monitoring reports are accessible on their website for five years from publication date.</p>	Compliant	<p>The 2021 annual monitoring report will become available in June 2021 in the same location as 2020, 2019 and 2018 annual monitoring reports at <a href="#">Research in the river red gum forests</a></p>
5	<p>Within five days after the commencement of the action, the approval holder must advise the Department in writing of the actual date of commencement.</p>	Compliant	<p>On 13 April 2016, the approval holder notified the Australian Department of the Environment via email of the commencement of the ecological thinning action on 12 April 2016 (TRIM: DOC16/204072).</p>
6	<p>The approval holder must maintain accurate records substantiating all activities associated with, or relevant to, the conditions of approval, including measures taken to implement the Public Environment Report required by this approval, and make them available upon request to the Department.</p> <p>Such records may be subject to audit by the Department or an independent auditor in accordance with section 458 of the EPBC Act or used to verify compliance with the conditions of approval. Summaries of audits will be posted on the Department's website. The results of audits may also be publicised through the general media.</p>	Compliant	<p>Accurate records are maintained by the approval holder and are available upon request to the Australian Department of the Environment and Energy.</p>
7	<p>By 30 June of each year after the commencement of the action, the approval holder must publish a report on their website addressing compliance with the conditions of this approval over the previous 12 months, including implementation of any management plans as specified in the conditions.</p> <p>Non-compliance with any of the conditions of this approval must be reported to the Department at the same time as the compliance report is published. The approval holder must ensure compliance reports remain accessible on their website for a</p>	Compliant	<p>This 2021 Annual Compliance Report has been written and published to satisfy this condition.</p> <p>The 2021 Annual Compliance Report, 2020 Annual Compliance Report, 2019 Annual Compliance Report, 2018 Annual Compliance Report and the 2017 Annual Compliance Report are accessible at <a href="#">Research in the river red gum forests</a></p>

No	Condition	Compliance	Evidence/comments
	<p>period of five years from the date of publication.</p>		
8	<p>Upon the direction of the Minister, the approval holder must ensure that an independent audit of compliance with the conditions of approval is conducted and a report submitted to the Minister.</p> <p>The Minister must approve the independent auditor prior to the commencement of the audit. Audit criteria must be agreed to by the Minister, and the audit report must address the criteria to the satisfaction of the Minister.</p>	N/A	<p>The Australian Minister for Agriculture, Water and the Environment has not directed that an independent audit of compliance be undertaken.</p>
9	<p>The approval holder may choose to revise a plan approved by the Minister under Condition 1 without submitting it for approval under section 143A of the EPBC Act if the action taken in accordance with the revised plan would not be likely to have a new or increased impact.</p> <p>If the approval holder makes this choice, they must:</p> <ol style="list-style-type: none"> <li data-bbox="288 1189 751 1368">i. notify the Department in writing that the approved plan has been revised and provide the Department with an electronic copy of the revised plan</li> <li data-bbox="288 1379 751 1469">ii. implement the revised plan from the date that the plan is submitted to the Department</li> <li data-bbox="288 1480 751 1720">iii. for the life of this approval, maintain a record of the reasons the approval holder considers that taking action in accordance with the revised plan would not be likely to have a new or increased impact.</li> </ol>	N/A	<p>The Department of Planning, Industry and Environment has not chosen to revise the Environmental Management Plan and Experimental Design and Monitoring Plan under Condition 1. The plan approved by the Minister is being implemented.</p>
9A	<p>The person taking the action may revoke their choice under Condition 9 at any time by notice to the Department.</p> <p>If the person taking the action revokes the choice to implement a revised plan, without approval under section 143A of the Act, the plan approved by the Minister must be implemented.</p>	N/A	<p>The Department of Planning, Industry and Environment has not chosen to revise the Environmental Management Plan and Experimental Design and Monitoring Plan. The plan approved by the Minister is being implemented.</p>

No	Condition	Compliance	Evidence/comments
9B	<p>If the Minister gives notice to the approval holder that the Minister is satisfied that the taking of the action in accordance with the revised plan would be likely to have a new or increased impact, then:</p> <ul style="list-style-type: none"> <li data-bbox="304 472 730 562">i. Condition 9 does not apply, or ceases to apply, in relation to the revised plan</li> <li data-bbox="304 573 730 663">ii. the approval holder must implement the plan approved by the Minister.</li> </ul> <p>To avoid any doubt, this condition does not affect any operation of conditions 9 and 9A in the period before the day the notice is given.</p> <p>At the time of giving the notice, the Minister may also notify that condition 9 does not apply for one or more specified plans required under the approval for a specified period.</p>	N/A	<p>The Department of Planning, Industry and Environment has not chosen to revise the Environmental Management Plan and Experimental Design and Monitoring Plan. The plan approved by the Minister is being implemented.</p>
9C	<p>Conditions 9, 9A and 98 are not intended to limit the operation of section 143A of the EPBC Act which allows the approval holder to submit a revised plan to the Minister for approval.</p>	N/A	<p>The Department of Planning, Industry and Environment has not chosen to revise the Environmental Management Plan and Experimental Design and Monitoring Plan.</p>
10	<p>If, at any time after three years from the date of this approval, the approval holder has not substantially commenced the action, then the approval holder must not substantially commence the action without the written agreement of the Minister.</p>	N/A	<p>Approval for this action was obtained on 29 January 2016.</p> <p>The ecological thinning action commenced on 12 April 2016 and was completed on 14 August 2017.</p>
11	<p>Unless otherwise agreed to in writing by the Minister, the approval holder must publish all plans and reports referred to in these conditions of approval on their website, and ensure all plans and reports remain accessible on their website for a period of five years from the date of publication.</p> <p>Each plan and report must be published on the website within one month of being approved by the Minister or being submitted under Condition 9 (i).</p>	Compliant	<p>All plans and reports referred to in these conditions of approval are published on the Office of Environment and Heritage website, <a href="#">Research in the river red gum forests</a></p>
